

To Whom It May Concern,

12/12/08

I am writing this letter of support to Lynn White of Growing Stronger Inc. As the Program Director for AIDS Services (Perception Programs, Inc.), one of my duties is to oversee the operations of a 10 bed supportive living home (Omega House) for individuals diagnosed with HIV and at risk of homelessness.

Lynn contacted me in the spring to see if she could partner with us to help beautify the grounds of Omega House. The staff here welcomed this opportunity! Lynn returns to Omega House annually to work with both residents & staff alike in not only planting beautiful flowers, but more importantly, working with our residents to help them appreciate gardening & beauty.

In all of this, she was an absolute pleasure to work with! She was professional, on time, personable, and through her hard work, knowledge of plants, and keen eye, she helped us transform barren land into something of beauty! I would give Lynn my highest recommendation. It is people like Lynn that make a world a (quite literally) a more beautiful place.

Sincerely,

Mitch Sibley-Jett
Program Director AIDS Services
